

Guidelines affiliations Amsterdam Neuroscience research institute

Format as of June 2022

We kindly ask all Amsterdam UMC, VU Amsterdam, and UvA colleagues of the Amsterdam Neuroscience research institute to add the research institute's affiliation to your publications, besides the university/department information. This will improve our brand awareness and increase recognition of the scientific and societal impact of our neuroscience research. Moreover, this is essential for accountability purposes.

Below, examples are provided on how to correctly show your affiliation to the Amsterdam Neuroscience research institute in publications in scientific journals and in doctoral theses, according to the central affiliation guidelines of the involved universities.

PUBLICATIONS

Institute	Affiliation
Amsterdam UMC - VU Amsterdam (location VUmc)	- Amsterdam UMC location Vrije Universiteit Amsterdam, Department(s), De Boelelaan 1117, Amsterdam, The Netherlands - Research institute, research program(s), Amsterdam, The Netherlands Example: Prof. Y.A.L. Pijnenburg^{1,2} - Amsterdam UMC location Vrije Universiteit Amsterdam, Neurology, De Boelelaan 1117, Amsterdam, The Netherlands - Amsterdam Neuroscience, Neurodegeneration, Amsterdam, The Netherlands
Amsterdam UMC - UvA (location AMC)	- Amsterdam UMC location University of Amsterdam, Department(s), Meibergdreef 9, Amsterdam, The Netherlands - Research institute, research program(s), Amsterdam, The Netherlands Example: Prof. D. Van de Beek^{1,2} - Amsterdam UMC location University of Amsterdam, Neurology, Meibergdreef 9, Amsterdam, The Netherlands - Amsterdam Neuroscience, Neuroinfection & -inflammation, Amsterdam, The Netherlands
VU Amsterdam	- Department of, Faculty of, Vrije Universiteit Amsterdam, [Address], Amsterdam, The Netherlands - Research institute, research program(s), Amsterdam, The Netherlands Example: Prof. A.B. Smit^{1,2} - Department of Molecular and Cellular Neurobiology, Faculty of Science, Center for Neurogenomics and Cognitive Research, Vrije Universiteit Amsterdam, de Boelelaan 1087, 1081 HV Amsterdam, Amsterdam, The Netherlands - Amsterdam Neuroscience, Cellular & Molecular Mechanisms, Neurodegeneration, Amsterdam, The Netherlands

University of Amsterdam	1. Department of, Faculty of, University of Amsterdam, [Address], Amsterdam, The Netherlands 2. Research institute, research program(s), Amsterdam, The Netherlands Example: Prof. M.P. Smidt^{1,2} 1. Swammerdam Institute for Life Sciences, Faculty of Science, University of Amsterdam, Science Park 904, 1098 XH, Amsterdam, The Netherlands 2. Amsterdam Neuroscience, Cellular & Molecular Mechanisms, Amsterdam, The Netherlands
--------------------------------	---

Note: it is allowed to be affiliated with a second research institute. This can be done by adding a third affiliation line (3. Research institute, research program(s), Amsterdam, The Netherlands).

Note: for organizational units within Amsterdam UMC it is not allowed to change the address of 'De Boelelaan' or 'Meibergdreef' into the address of the building where your office is located. This has to do with the findability of Amsterdam UMC output in scientific databases for accountability purposes.

Note: in case of limited options or address fields, please prioritize the elements 'Amsterdam UMC', 'Vrije Universiteit Amsterdam' or 'University of Amsterdam', Amsterdam, Netherlands. Please mention Amsterdam Neuroscience in the acknowledgements.

When the guidelines of the journal do not allow including Amsterdam Neuroscience in the affiliation, please mention the embedding of your research within (a program of) Amsterdam Neuroscience in the acknowledgements as follows:

ACKNOWLEDGEMENTS

This research has been executed in the [research program(s)] of Amsterdam Neuroscience.

THESIS

Institute	Affiliation
Amsterdam UMC - VU Amsterdam (location VUmc)	This thesis was prepared at Amsterdam UMC location Vrije Universiteit Amsterdam, at the department of (...), within Amsterdam Neuroscience, research program(s), De Boelelaan 1117, Amsterdam, Netherlands
Amsterdam UMC - UvA (location AMC)	This thesis was prepared at Amsterdam UMC location University of Amsterdam, at the department of (...), within Amsterdam Neuroscience, research program(s), Meibergdreef 9, Amsterdam, Netherlands
VU Amsterdam	This thesis was prepared at the Vrije Universiteit Amsterdam, at the department of (...), within Amsterdam Neuroscience, research program(s), [address] Amsterdam, the Netherlands
University of Amsterdam	The studies described in this thesis were carried out at the department of, institution, university, city, country. In addition, this thesis was part of the Amsterdam Neuroscience research institute.
