

### Invitation “Kick-off meeting” AMS Research Program 3: Tissue Function and Regeneration

On February 4, 2021 from 5:00 PM to 7:00 PM, the Program Board of AMS Program 3 “Tissue Function and Regeneration” will organize a round table meeting. The Program Board cordially invites you to participate. This meeting will take place online.

We will discuss 3 main themes (muscle and tendon, soft connective tissue, mineralized tissue). We will also discuss how we can set up translational research projects with a multi-disciplinary team. The aim is to arrive at original and innovative research proposals that have high potential for grant applications. Some projects with high potential can then receive financial support from AMS with an actual application. The themes:

#### Program:

5:00 PM	Introduction
5:10 PM	Movie Amsterdam Bone Center, Rare Bone Diseases team
5:20 PM	First parallel sessions in outbreak rooms of the 3 themes
5:45 PM	Back reporting from the rooms
6:00 PM	Break
6:15 PM	Second parallel sessions in outbreak rooms of the 3 themes
6:40 PM	Feedback and closure

The following disciplines will be represented:

Orthopedics, Traumatology, Oral Diseases, Jaw and Facial Surgery, Rehabilitation, Plastic Surgery, Internal Medicine, (Top) Sport.

**Register before January 22, 2021, via this [link](#). Participants will receive the zoom link prior to the meeting.**
