

Symposium “DCRM across the AMStel”, May 10, 2021, 3-5 pm

Dear AMS member,

On May 10, 2021 from 3-5 pm, the AMS program Rehabilitation & Development will hold its online kick-off meeting with the symposium “DCRM across the AMStel”. We are proud to present a collection of oral presentations from researchers who presented their work at the DCRM Rehabilitation congress in November 2020. The program is very well balanced in terms of institutes and diagnoses represented and topics discussed, and aims to present a broad overview of the research in the greater Amsterdam areas in the field of rehabilitation medicine. We look very much forward to your attendance at the meeting. Please click [HERE](#) to register.

Warm regards from the AMS program board ‘Rehabilitation & Development’.
